**We are Joyson Safety Systems –
A Mobility Safety Company.**

Společnost Joyson Safety Systems je jedním z předních světových vývojářů a výrobců automobilových systémů na ochranu cestujících s obratem cca 4,8 miliardy EUR a více než s 50 000 zaměstnanci na celém světě. Sázíme na inovaci a pokrok. Jako spolehlivý a kompetentní partner automobilového průmyslu navrhujeme, vyvíjíme a vyrábíme systémy a komponenty na ochranu cestujících. Naše produktové portfolio se skládá z volantů, airbagů a generátorů, bezpečnostních pásů, technických plastových dílů, elektroniky a senzoriky. Zásobujeme téměř všechny renomované výrobce automobilů na celém světě.

Náš tým potřebuje přírůstek do Aschaffenburg —hledáme:

Director of Supplier Quality Serial Production (all genders)

Stanoviště:

Aschaffenburg

Co můžete provádět — vaše úkoly.

Responsible for establishing a Global Methodology and Team Structure for Monitoring of Suppliers after Qualification in addition to establishing Supplier Development activities.

Part of the Global Supplier Quality Management Leadership team

Promote a strong collaboration between the regions thereby capitalizing on global knowledge and competence sharing within team. Form strategic alliances and partnerships that will enable supplier operations to achieve higher levels of supplier industrialization to better fulfill the corporate and market requirements

Ensure a close interaction with suppliers by developing the team to ensure common strategy and performance expectation is driven and communicated to the suppliers

Assume ownership for assessing supplier's performance using data and scorecards. Low performing suppliers must be addressed swiftly and aggressively and in alignment with Operations and Engineering.

Conduct monthly supplier performance reviews with each region and deploy all tools needed to improve part containment, internal communication, and overall supplier performance. This includes monthly Supplier Days, resourcing, and visits to poor performing suppliers.

Drive a "zero defects" attitude across the department.

Drive actions to achieve KPI's and support all supplier quality, capacity and cost targets

Secure that the lessons learned are documented and shared regularly.

Work together with the Purchasing colleagues to define supplier strategy with active participation in supplier nominations in every region.

Supervisory Responsibilities:

This position is responsible for managing functionally one or more subordinates and participate on the coordination and evaluation of these individuals.
