**We are Joyson Safety Systems –
A Mobility Safety Company.**

Joyson Safety Systems ist einer der global führenden Entwickler und Hersteller von automobilen Insassenschutzsystemen mit einem Umsatz von ca. 5,3 Mrd. Euro und weltweit mehr als 43.800 Mitarbeiterinnen und Mitarbeitern. Wir stehen für Innovation und Fortschritt. Als zuverlässiger und kompetenter Partner der Automobilindustrie konzipieren, entwickeln und produzieren wir Insassenschutzsysteme und -komponenten. Unser Produktportfolio besteht aus Lenkrädern, Airbags und Generatoren, Sicherheitsgurten, technischen Kunststoffteilen, Elektronik und Sensorik. Damit beliefern wir weltweit nahezu alle namhaften Kraftfahrzeughersteller.

Joyson Safety Systems is one of the leading global developers and manufacturers of automobile occupant protection systems with a turnover of ca. 4,8 billion euros and more than 50,000 employees worldwide. We represent innovation and progress. As a reliable and skilled partner of the automobile industry, we design, develop and produce occupant protection systems and components. Our portfolio includes steering wheels, airbags and generators, safety belts, technical plastic components, electronics and sensor technology which we supply to nearly all renown vehicle manufacturers worldwide.

We promote a collaborative, open culture; as a global business, we encourage our team members to communicate and work with colleagues around the world. As our operations continue to expand, we are always on the lookout for top talent to join our winning team.

We are currently seeking a Manager, Global Commodity – Plastics. The role can be based at any JSS Location. If you are looking to enhance your career with a dynamic, growing company, then we encourage you to apply and join the JSS team!

What is this opportunity?

The Manager Global Commodity Plastics reports directly to the Director Global Commodity Plastics, Pyro & Electromechanics and leads the Commodity Plastics for the entire company from a global perspective.

The successful candidate will act as the Management interface between the Director Global Commodity Plastics, Pyro & Electronics and the Commodities Buyers. The role functionally & disciplinary leads the Commodity's Buyers across the Regions and ensures the execution of existing Global Supplier Contracts, manages resources, prepares project initiatives (such as value creation projects), tracks the Commodity's KPIs and interacts with Global Purchasing Controlling, Global Supplier Quality Management and other involved Co-functions.

We provide a very comprehensive benefits package and excellent opportunities for growth. We take great pride in the work we do and we aim to provide each of our team members with everything they need to build a lifelong career. Our team is qualified, collaborative and dedicated to keeping people safe. With us, you will enjoy a meaningful, rewarding career – join our team today!

What you can change — your duties

To lead by example! Follow and make sure that the assigned global commodity purchasing team follows the JSS core values and compliance rules

To ensure the best price on a global supply market for all products in commodity Plastics

To develop a comprehensive global commodity purchasing strategy Textile (3-5 years view) based on global/regional business strategy and PBU strategy

To ensure the global implementation of the commodity strategy including action plans in each region (road maps)

To manage and optimize the assigned global purchasing organization

Responsible for strategic and tactical steering of the purchasing volume in the assigned commodity

To represent the global commodity towards all suppliers and internal stakeholders

To execute annual price negotiations with all relevant suppliers in order to (over-)achieve the budget saving/ppv target

To ensure implementation of global and regional purchasing initiatives (e.g. sourcing committee, processes & procedures, IT tools, etc.)

Responsible for supplier management starting from new supplier introduction to supplier phase out, compiling supply market intelligence, identifying purchasing risks, opportunities and ensuring data transparency

To collaborate and support with supplier quality management to achieve 0 ppm with all suppliers

Constantly monitor all relevant KPI's on the achievement of targets, gap to target, actions to close the gap together with the commodity team

To present supplier innovations and to ensure the implementation in JSS, if technically and commercially feasible

Support and implement value creation projects worldwide

Impress us - your qualifications

Professional Experience Required:

Experience to work in a larger scale company

A strong KPI and fact based thinker with an execution bias

Regarded as transformational and/or a change agent

Strong collaborative (distance) leader and team coach

Comfortable with functioning in a global matrix operating environment

Multi-cultural and/or global experience

Demonstration of JSS core values: team spirit, customer focus, creativity, quality orientation and cost awareness

Strong Business Excellence thinking

(capable in applying Problem solving tools such as LEAN; 6S, KAIZEN and or RedX)

Awareness for absolute data integrity

Proficient in Microsoft Office tools, especially Outlook and PowerPoint as well as a Global Purchasing System

Excellent Business English

Education and/or Experience:

College/university degree in business administration or comparable studies (preferable with a major in Purchasing Management)

3+ years demonstrated experience in Global Commodity Management Plastics

Additional Position Details:

— The role can be based at any JSS Location

— Frequent global business travel required

— Competitive compensation and benefits package
