

## We are Joyson Safety Systems – A Mobility Safety Company.

Joyson Safety Systems ist einer der global führenden Entwickler und Hersteller von automobilen Insassenschutzsystemen mit einem Umsatz von ca. 5,3 Mrd. Euro und weltweit mehr als 43.800 Mitarbeiterinnen und Mitarbeitern. Wir stehen für Innovation und Fortschritt. Als zuverlässiger und kompetenter Partner der Automobilindustrie konzipieren, entwickeln und produzieren wir Insassenschutzsysteme und -komponenten. Unser Produktportfolio besteht aus Lenkrädern, Airbags und Generatoren, Sicherheitsgurten, technischen Kunststoffteilen, Elektronik und Sensorik. Damit beliefern wir weltweit nahezu alle namhaften Kraftfahrzeughersteller.

Joyson Safety Systems is one of the leading global developers and manufacturers of automobile occupant protection systems with a turnover of ca. 4,8 billion euros and more than 50,000 employees worldwide. We represent innovation and progress. As a reliable and skilled partner of the automobile industry, we design, develop and produce occupant protection systems and components. Our portfolio includes steering wheels, airbags and generators, safety belts, technical plastic components, electronics and sensor technology which we supply to nearly all renown vehicle manufacturers worldwide.

**Our team in Arad needs support and we are seeking:**

## **PLTP Supplier Scheduling Specialist / SAP Rollout Team Member - SAP Business Competence Center**

Site:  
**Arad**

### **What you can change — your duties**

- Ensure to keep the JSS Enterprise SAP S/4 Configuration (Mindset, Organization, Processes, Technology, Information) in a defined standard with a minimum localization adaption in supplier scheduling area across EMEA region
- Works with plant implementation team to create plant assessment, ensuring that plant processes are covered with existing SAP functionality – highlights deviations and where SAP prerequisites are not met
- Collects plant specific activities not included in the SAP Global Template and coordinates the development of plant specific processes/align plant processes to SAP Global template
- Prepare the implementation framework for plant supplier scheduling deployment team members
- Monitor the progress of SAP Change orders related to supplier scheduling and offers support in the decision making process for Change requests
- Closely collaborates with the Plant implementation team, Rollout Team, Quality Assurance team, Global organization and other deployment teams, act as ambassador for standardized structures in One JSS

- Active part of the Planning Center Of Excellence meetings and change management meetings
  - Responsible to define out, validate and maintain a quality-assured documentation of their process area in the SolMan (incl. EnableNow) that allows the industrialized Rollout with multiple projects in parallel.
- 

## **Impress us - your qualifications**

- University degree
  - Knowledge of supplier scheduling processes in the manufacturing or automotive industry
  - Good knowledge of company structures and working methods
  - System knowledge of Microsoft Office
  - SAP knowledge or process experience above all supplier scheduling processes in the automotive industry
  - Fluent in English (spoken & written)
  - Positive mindset, empathic with constructive and structured way of thinking but also hands-on personality
  - Ability to analyze, improve and implement processes especially in SAP
  - Good cross-functional collaboration and business mindset
  - Willingness to travel within EMEA, especially during implementation project.
-
