**We are Joyson Safety Systems –
A Mobility Safety Company.**

Joyson Safety Systems ist einer der global führenden Entwickler und Hersteller von automobilen Insassenschutzsystemen mit einem Umsatz von ca. 5,3 Mrd. Euro und weltweit mehr als 43.800 Mitarbeiterinnen und Mitarbeitern. Wir stehen für Innovation und Fortschritt. Als zuverlässiger und kompetenter Partner der Automobilindustrie konzipieren, entwickeln und produzieren wir Insassenschutzsysteme und -komponenten. Unser Produktportfolio besteht aus Lenkrädern, Airbags und Generatoren, Sicherheitsgurten, technischen Kunststoffteilen, Elektronik und Sensorik. Damit beliefern wir weltweit nahezu alle namhaften Kraftfahrzeughersteller.

Joyson Safety Systems is one of the leading global developers and manufacturers of automobile occupant protection systems with a turnover of ca. 4,8 billion euros and more than 50,000 employees worldwide. We represent innovation and progress. As a reliable and skilled partner of the automobile industry, we design, develop and produce occupant protection systems and components. Our portfolio includes steering wheels, airbags and generators, safety belts, technical plastic components, electronics and sensor technology which we supply to nearly all renown vehicle manufacturers worldwide.

Our team in Aschaffenburg needs support and we are seeking:

Executive Director (all genders) EMEA Operations Airbag

Site:

Aschaffenburg

What you can change — your duties

Overseeing the EMEA Operations Airbag in terms of maintaining stable production that produces parts on time and with the necessary quality

Ensuring production processes are aligned with internal and customer requirements, following legal and environmental responsibilities

Preparing and monitoring of the Airbag Assembly P&L, as well as ensuring that cost targets are met for each production area

Consistent reporting about the progress of running projects and potential obstacles

Assess global production trends, integrating technology, esp. AI, legislation and optimize our resources towards our innovation strategy

Implementation of efficiency measures to secure the operating result in cooperation with other departments

Taking responsibility for successful production launches

Lead and develop a large team, guiding them towards success and fostering a culture of innovation and high-performance, while maintaining an open and team-oriented working atmosphere

Impress us - your qualifications

Master's degree in relevant engineering area or related field required

Several years of experience in manufacturing operations, with a minimum of 5 years in a senior leadership role

Proven experience in the automotive or automotive safety industry, with specific knowledge in airbag production or similar high-stakes production environments

Demonstrated success in driving process improvements, cost efficiencies, and quality enhancements

Experience in managing budgets, P&L, and financial planning for manufacturing operations

Expertise in Lean Manufacturing, Six Sigma, and other continuous improvement methodologies

Profound understanding of production processes, automotive industry standards and regulatory requirements

Strong analytical and problem-solving abilities, with a data-driven approach to decision-making

Strategic thinker as well as an action-minded problem-solver experienced with appropriate methodological competencies

Outstanding intercultural communication and presentation skills, capable of engaging stakeholders at all levels

Adaptability to thrive in a fast-paced, technology-driven environment

Fluency in English; any other language is considered advantageous

Willingness to travel
