**We are Joyson Safety Systems –
A Mobility Safety Company.**

Joyson Safety Systems is one of the leading global developers and manufacturers of automobile occupant protection systems with a turnover of ca. 4,8 billion euros and more than 50,000 employees worldwide. We represent innovation and progress. As a reliable and skilled partner of the automobile industry, we design, develop and produce occupant protection systems and components. Our portfolio includes steering wheels, airbags and generators, safety belts, technical plastic components, electronics and sensor technology which we supply to nearly all renown vehicle manufacturers worldwide.

Our team in Arad needs support and we are seeking:

Regional Process Owner SAP S/4 (Purchasing)

Site:

Arad

What you can change — your duties

- Ensure to keep the JSS Enterprise SAP S/4 Configuration (Mindset, Organization, Processes, Technology, Information) in a defined standard with a minimum localization adaption;
- Participate in and drive initiatives and improve change processes to assess the impact on Enterprise Configuration while aligning with Line Business objectives;
- Set up and run their regional SAP S/4 Plant Process Owner-collaboration meetings, proactively leads and takes charge of the coordination and alignment effort of JSS' Idea/Innovation and Change Management Process;
- Monitor the progress of SAP Change orders for their area of responsibility and drives decisions on Change requests;
- Collaborate with the Project Workstream-Team Leads in their area of responsibility in all JSS plants in their region and act as ambassador for standardized structures in One JSS;
- Collaborates with the Global Change Manager to run the Design Changes/ Design Change Organization in a structured way;
- Responsible to define out, validate and maintain a quality-assured documentation of their process area in the SolMan (incl. EnableNow) that allows the industrialized Rollout with multiple projects in parallel;
- Manage the PtP team and perform specific responsibilities for the PtP (Purchasing) Workstream.
