**We are Joyson Safety Systems –
A Mobility Safety Company.**

Joyson Safety Systems to jeden z wiodących na świecie programistów i producentów systemów ochrony pasażerów w pojazdach, osiągający obroty na poziomie ok. 4,8 miliarda euro i zatrudniający 50 000 pracowników. Jesteśmy symbolem innowacyjności i postępu. Jako niezawodny i kompetentny partner w branży motoryzacyjnej projektujemy, opracowujemy i produkujemy systemy oraz komponenty ochrony pasażerów. Nasza oferta składa się z kierownic, poduszek powietrznych i generatorów gazu, pasów bezpieczeństwa, części technicznych z tworzywa sztucznego, układów elektronicznych i sensorycznych. Zaopatrujemy prawie wszystkich znanych producentów pojazdów na całym świecie.

Nasz zespół w Aschaffenburg potrzebuje wsparcia — szukamy:

Director of Supplier Quality Nomination and Qualification (all genders)

Siedziba:
Aschaffenburg

Co możesz wnieść - Twoje zadania.

Responsible for establishing a Global Methodology for Nomination and Qualification of suppliers starting from the Design Phase until after PPAP.

Part of the Global Supplier Quality Management Leadership team.

Will monitor and promote the use of proactive systems and component risk assessments as well as development of mitigation plans in advance of pre-selection/sourcing decisions.

Form strategic alliances and partnerships that will enable supplier operations to achieve higher levels of supplier industrialization readiness to better fulfill the corporate and market requirements.

Support the development and execution phase deliverables to assure flawless launch results and supplier readiness including the use of safe launch strategies and problem resolution reviews.

Drive positive supplier relations by ensuring supplier launch preparedness and efficient interfaces for suppliers given advanced/new technology, material, design challenges.

Leverage commodity specific supplier manufacturing best practices during engineering design and development with engineering to ensure the execution of a process-driven design.

Will lead the development and subsequent updates of the critical component list

Drive a “zero defects” attitude across the department.

Drive actions to achieve KPI's and support all supplier quality, capacity and cost targets

Work together with the Purchasing colleagues to define supplier strategy with active participation in supplier nominations in every region.
